THE ARLINGTON PORTABLE RANGE.

CHILSON'S NEW RANGE, 1872.

The first sight of this new and splendid Portable Range will convince all that its equal has never been seen, - in its Beautiful Design, Superior Fine Heavy Castings, with and without Hot Closets, and Reservoirs; also, Hot Water Fronts for Bath Boilers, Sifting Grates, Ash Pans, etc.

Housekeepers will be pleased with this PORTABLE RANGE.

CHILSON'S CELEBRATED AND UNRIVALLED BRICK AND PORTABLE FURNACES,

Patented in the United States, England, and France.

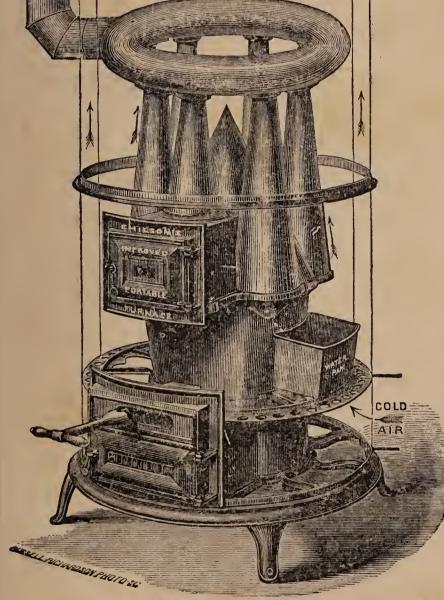

The high reputation this furnace has acquired, in the use of more than twenty thousand, places it preëminently ahead of any other known plan for thoroughly and economically warming buildings. The cuts of the brick or portable furnaces will show at a glance to any intelligent mind the wonderful heating powers, a cluster of tapering Radiators standing directly over the fire, must have over any other form of heating surface, and which is so con-structed as to be perfectly gas and smoke tight. Any one in want of a furnace should not fail of thoroughly examining this furnace.

Special attention given to putting up furnaces and ranges, and the ventilation of buildings in every part of the country. Nothing but strict-

first-class work is manufactured by

Parlor, Office, and Store Stoves, Patent Dampers, Registers, Ventilators, etc

MANUFACTURER OF THE

Randall Skeleton Grate Bar,

Patented Feb. 9, 1869.

TESTIMONIALS.

A. O. CORBETT: Dear Sir, —I have used the Randall Patent Grate Bar nearly a year, and they are the best I ever used. They work admirably. R. C. HUSSEY, Milford, Mass. Having used the Randall Skeleton Bars, in connection with the three large Steam Boilers attached to the St. James Hotel, for nearly two years, I do not hesitate to recommend them, especially for durability, and also for general excellence for the purpose designed.

M. M. BALLOU, Proprietor St. James Hotel, Boston.

A. O. CORBETT: Sir,—I have been using the Randall Grate Bars in one furnace on board steamer Star of the East, since April 15, 1868. I find them the best I have ever used. They give better draught, and burn the coal up cleaner, and leave less ashes and clinkers, than any grate I ever used.

L. S. DAVIS, Chief Engineer Steamer Star of the East.

WORCESTER, Jan. 27, 1870.

A. O. CORBETT: Dear Sir,—We have given your Grate Bar a trial for the last three months, and it has given perfect satisfaction. We have given it some severe tests with leather chips, which make the hottest fire.

Yours truly,

D. G. RAWSON & CO.

BOSTON, March 3, 1870

A. O. CORBETT: Dear Sir, — We have been using a set of the Randall Skeleton Grate Bars seventeen months. They have not warped in the least and are as good as new. We cheerfully give you this testimonial, in answer to your inquiry

A. O. CORBETT: Dear Sir, — The set of Randall Skeleton Grate Bars put into one furnace on board this vessel are all right. They have been in constant use since September, 1869. You are at liberty to refer to me to any one inquiring about them. Yours respectfully,

BOSTON, April 7, 1871.

A. O. CORBETT: Dear Sir, — In answer to your inquiry about the Randall Skeleton Grate Bars, put in here in December last, I state with pleasure, that, being determined to test them thoroughly, I have kept an accurate account of coal used, and find, up to this date, that I have used ten and a quarter tons less than in the same length of time last year.

E.D. SPEAR, M.D., THE OLD INDIAN DOCTOR,

So much Celebrated for his Remarkable Cures.

713 WASHINGTON STREET, BOSTON.

Dr. Spear can be consulted upon all diseases free of charge.

Dr. Spear has issued a small work in which he says:-In preparing the Medical Hand-book, for the afflicted and the public at large, which is designed to take the place of the more bulky "Family Physician," the author and publisher has several objects in view. The first was to bring it into a more portable size, by eliminating and condensing a large amount of reading matter, and omitting many testimonials received in his earlier practice, thus meeting the demand of this fast and busy age, when few can stop to read long homilies on any subject. But the principal and most important object was to bring to the notice of the public a sample, at least, of the great mass of certificates and testimonials he has received within the last few years, and is now constantly receiving. To these he bespeaks the careful attention of the reader; and he refers to them in no boasting spirit, but simply as evidence that his study and effort to relieve suffering humanity have met with gratifying success. In this regard, he can cheerfully submit his claims as a successful physician, to that truest and most sacred of all tests, "By their fruits shall ye know them.'

It may be thought by many hardly necessary to say, after communicating with the public so often and for so long a time, that his treatment of diseases is peculiar to himself; but for the benefit of those just coming upon the stage of action, it may very properly be dwelt upon for a moment. Suffice it to say, in brief, that he has discarded many of the crude and absurd notions that obtained among practitioners of past ages, and clung to by many with surprising tenacity at the present day, and after careful study and diligent research into the various systems of practice, has adopted a system which has common sense combined with science as its basis. Upon this sure foundation, by the full use of his reason and judgment, he has drawn from Nature those pure and safe remedies, which, though all powerful in removing disease, and bringing to the patient joyous and gladsome health, leave no life-long sting behind.

To the sick, therefore, he feels authorized to speak words of encouragement and hope. As will be seen by reading the testimonials, many who were near the gates of death, and given up as lost, have been rescued by his hand and restored to health. Others who are now suffering with little hope of relief, he believes may also be made to enjoy the rich blessings of health. The afflicted, then, of whatever nature, he invites to come to his office, No. 713 Washington Street, Boston, with the assurance that his utmost skill shall be exerted in their behalf. The "Medical Hand-book" may be had free. Enclose stamps.

UNITED

PIANO MAKERS,

NCORPORATED

MAY, 1860.

OF NEW YORK.

TESTIMONIAL FROM

FRANZ ABT,

(Composer of "When the Swallows Homeward Fly," Etc., Etc.)

(TRANSLATION.)

At the recent concert in Williamsburgh, June 23d, arranged by the different Singing Societies in my honor, I had occasion to make myself acquainted with a GRAND PIANO from the UNITED PIANO MAKERS. This Grand Piano distinguished itself by its harmonious sounds, immense body of tone, and remarkable touch, so much, that it gives me pleasure to express my highest consideration in favor of this manufactory.

(Signed) FRANZ ABT.

This elegant preparation is offered as one well adapted to meet the wants of all those who require a tonic and cordial medicine.

It is prepared from the best variety of the "Peruvian Bark" known as "Calisaya Bark," the bitter taste of which, in this Elixir, is covered, while its efficiency is enhanced by the aromatics with which it is combined.

It will commend itself to favor by its valuable tonic and invigorating action; while its delicate flavor will please even the most fastidious.

In all diseases arising from a want of tone or vigor in the digestive organs, such as loss of appetite, dyspepsia, &c., its use will be attended with marked advantage; and in climates where Fever and Ague, and maladies caused by malaria are prevalent, it will be found a most valuable medicine.

As a general tonic it is highly recommended.

Price \$1.00. Six Bottles for \$5.00.
